Here you will have the option of riding a camel (or riding in our motor coach) to explore Valley Temple next to the Sphinx. Lunch and then back to the hotel (B.L)

**Day 03** *Cairo (Monday December 07th)*

After an early Breakfast we will travel by motor coach to the ancient site of Dashur where we will visit the Red and Bent Pyramids, attributed to the King Sneferu. The title Sneferu translates as “double harmony” and refers to the different tones of frequency that these pyramids vibrate with. We’ll stop for a quick lunch on our way to spend the afternoon at Saqqara, home of the Step Pyramid attributed to King Djoser.

We will experience the still active healing energies of the ancient "Hospital" at Saqqara and discuss the many references to the importance of balancing the polarized energies within and without.

The **Serapeam** A highlight of our day will be a visit to the newly opened Serapeum, a huge subterranean complex. A long hallway that runs in east/west directions is flanked by chambers that house gigantic, highly crystalline stone boxes. Many believe that Bulls associated with the Apis Bull cult were buried in them.

However--no bulls or human bodies were found in any of these huge boxes ---that were made with an extremely advanced technology. When excavated in 1852, all twenty-four boxes, weighing 60-80 tons, had been plundered. Their lids had been pried loose and the contents taken. Our collective research shows that these boxes are far more ancient than the writings found on and around them, and were an integral part of a huge energy device. We'll return back to the Mercure Hotel. (B,L)

**Day 04** *Luxor Maritim Jolie Ville (Tuesday December 08th)*

Afterwards we'll visit the world famous Egyptian Museum where you will see many amazing artifacts collected from sites all over Egypt, including the gold sarcophagus & jewelry on display at the King Tut Exhibit. Fly to Luxor (B.L)

**Day 05** *Denderah & Abydos (Wednesday December 09th)*

After an early breakfast, we will drive by motor coach to the ancient pilgrimage site of **Abydos** to visit the Temple of Osiris and the very ancient Osirieon Temple. At the Seti I Temple, dedicated to Osiris, we will discuss the symbolism as we view the masterful craftsmanship of the beautiful depictions that cover the walls. Behind this Temple lies the megalithic Osirieon, At the Seti I Temple, dedicated to Osiris, we will discuss the symbolism as we view the masterf ul craftsmanship of the beautiful depictions that cover the walls. Behind this Temple lies the megalithic Osirieon, similar to the Valley Temple in Giza, that the indigenous tell us is 35,000-50,000 years old or more. It is here that several depictions of the Flower of Life can been seen on the huge pillars. Local villagers claim that the water that accumulates in this structure has valuable healing properties. Afterwards,

we drive to **Dendera** to visit the incredible Temple of Hathor. Star maps depicted on the ceilings in this temple, and the replica of famous Dendera Zodiac (the original is displayed at the Louvre in Paris) point to the ancient origins of astrology and superior knowledge of our cosmos. Hathor (Het-Hert), the Netert who personified motherhood, beauty, sexuality, love, joy, harmony, dance and music was often associated with the planet, Venus. She was known as the Lady of the Stars, and represented the nurturing solar food of the Sun's rays, required for birth, growth and renewal. (B.L)

**Day 06** *Nile Cruise (Thursday December 10th)*

After breakfast we will embark on our exploration of the sites on the **West Bank** including **Valley of the Kings**, **Hatshepsut's Temple**, and the **Colossi of Memnon**. First we visit Valley of the Kings where we will view some of the ancient tombs filled with beautifully symbolic artwork
Next we're off to the mystical Mortuary Temple of Hatshepsut, a beautiful work of architecture, by Senemut, believed by some to have been her lover. Hatshepsut's Temple is nestled in the valley basin of Deir el-Bahari, surrounded by steep and enigmatic cliffs. After a relaxing lunch and a stop at the Colossi of Memnon we'll drive to the Nile Cruise, we will have lunch and relax then we will have time for shopping before our evening visit to the Luxor Temple (B.L.D)

**Day 07** *Nile Cruise (Friday December 11th)*

One can never have enough time to fully explore all the riches of **Karnak** Temple, where we will spend the entire morning after an early breakfast. An avenue of ram-headed sphinxes leads us into the gigantic complex, which includes temples dedicated to Amun, a Neter representing an aspect or stage of the Sun, and Khonsu, who represents the Moon. We will visit the powerful Chapel of Sekhmet, the Netert who represents the potent and purifying energies of the sun. **Sekhmet** personifies the solar rays that provide the electromagnetic energy required to sustain life and the earth's grid. As the lioness, she symbolizes the powerful and fierce, yet protective love, akin to that of any mother. Sekhem , means "power" and Sekhmet is the electrical spark that provides the necessary energy to perform what we have been told are mystical, magical and powerful feats, including the healing of the physical body. She is the Life Force. Be prepared to experience a morning you will never forget! The powerful sacred geometric design and natural elements of the architecture itself has the ability to transform and raise levels of

awareness and consciousness as you walk through this and many other temples. Shortly after returning to our ship, we'll have lunch and set sail on our spectacular Cruise on the Nile. Enjoy viewing the lush countryside and life along the river's banks, much of which appears as it did thousands of years ago! (B.L.D)

**Day 08** *Nile Cruise (Saturday December 12th)*

After an afternoon of sailing we will stop at **Kom Ombo**, where we'll visit the twin temples dedicated to the crocodile Neter, Sobek and Horus, the Elder. We will discuss the aspects of nature and our cosmos represented by the Neteru and how they relate to awakening our senses and raising our levels of awareness. We will speak of the powerful initiations that were once practiced here, and how we can tap into the profound and self-empowering lessons experienced here by the ancients. You will also have the opportunity to view depictions of various medical instruments and alchemical healing practices. (B.L.D)

**Day 09** *Nile Cruise (Sunday December 13th)*

We will take a motorboat to the enchanting **Island of Philae**, and the powerful Temple of Auset (**Isis**). Auset is associated with the ancients' most highly revered star, Sirius. The annual rising of Sirius was synonymous with the flooding of the River Nile, which left huge deposits of silt, the very valuable black earth or "KMT" (Khemit) for which Egypt was named. She is usually depicted wearing the throne, or "seat of power", reflecting the matriarchal nature of the very ancient civilization. After sharing some of the highlights of this site together, you will have time to explore its captivating wonders on your own. Afterwards, we will explore the famous **Aswan quarry** that is home to the 1,200 ton **Unfinished Obelisk**, that only a handful of cranes worldwide could lift today, and other significant evidence of higher technologies used by the ancient Khemitians (B.L.D)

**Day 10** *Nile Cruise (Monday December 14th)*

After breakfast we fly to Cairo, farewell dinner (B.D)
